- In addition, the Pig Roast and the Tours were sold out
- 4. Review of Proposed Conference Sites and Selection Process Jeff LeBlanc

The following conference locations have been identified as possible sites for future years:

- Nashville, TN May 5-8, 2013
 - Chairs: Bob O'Dette, Doug Yarosz (attended Raleigh). Both Bob and Doug have been meeting regularly planning for the conference.
 - Doug discussed they are identifying a theme for the conference and stated a few different options for consideration. Sam Hadeed mentioned the 20th year anniversary of EPA 503's.
 - Call for Abstracts: Raleigh Specialty Conference –By early April 2012
 - Deadline for Abstract/Workshop Submittals: August 1, 2012
 - This will be a Co-Conference with WEF Energy/Water. Energy/Water will run May 6-9 and is chaired by John Willis. Both conferences will run independently with separate OGS, Workshops and Sessions. Exhibit space will be shared and may be for 3 days. There will be some combined sessions on Tuesday/Wednesday with a common theme. The intent is to have a person attend both conferences at the same cost. WEF staff is still defining logistics.
 - The Host Hotel is the Renaissance Hotel and we will have the entire Nashville Convention Center.
 - A potential tour of the Metro Nashville Dryer Facility has been identified.
 - The Wastewater Challenge is in the plans for Nashville.

- A Saturday afternoon golf tournament is also in the works Todd Williams recommended that we keep this event but do it in the afternoon.
- Austin, TX 2014 Lynne Moss
 - WEF Received a Letter of Interest from the Texas MA and is "ready to roll";
 - WEF is soliciting RFP's in Austin and San Antonio as part of their process.

•	Virginia Beach, VA	2015	Todd / Williams / Rhonda Bowen
•	Salt Lake City, UT	2016	Strongly recommended by Committee
•	Louisville, KY	2017	

Other Future Considerations

- St. Louis, MO
- Milwaukee, WI Need to give stronger consideration as MA would like to have it soon. Committee recommended having it on the alternate date of WEFTEC-Chicago in order to eliminate any conflicts.
- New England area Boston/Providence/Hartford
- WEFTEC Program Committee Residuals & Biosolids Symposium Mike Moore/T. Williams
 - New topic title as recommended by Todd Williams
- 6. RBC Specialty Conference Programs Subcommittee Jeff LeBlanc
 - It was recommended by the Committee to send out e-mails to the people identified and to gauge interest on continuing in order to get a better response on review of abstracts.

The program committee includes:

- Research and Development Sudhir Murthy; Jim Smith
- Hot Topics Tim Shea, Bill Toffey, Mike Scharp
- Regional Issues Chair's Selection
- Thermal Process (potential two sessions) Jim Welp, Ben Wester, Bob Williamson
- Marketing of Biosolids Products Bob Pepperman, John Donovan, Jeff LeBlanc

- Sustainability / Renewable Technologies / EMS Bill Toffey, John Willis, Greg Woodward, Sam Hadeed, Mike Moore
- Microconstituents Todd Williams, Steve Wilson, Scott Carr, George O'Connor
- Opening General Session Chair

7. Review of YP Involvement – Jeff LeBlanc

- It was recommended that the respective professor be present for their student presentation. At the Raleigh conference, there were a few instances of this not occurring and it caused a few minor issues.
- Room monitors more are needed for Workshops.
- Discussion of Wastewater Challenge for 2013 Nashville. Michelle Hatcher from the Tennessee MA has been identified as the lead MA contact.
- 8. RBC Co-sponsorship Update Jeff LeBlanc

Would each individual who had volunteered to communicate with another organization about co sponsorship of conferences please provide an update as to the level of contact and intent to further discussions.

- 9. Other Old Business Jeff LeBlanc
 - Committee asked for status of AWWA/WEF relationship for the conference?
 - It was recommended to contact Laura Herman if there are an exceptional papers presented in Raleigh
- 10. New Business Jeff LeBlanc
 - There was an active discussion on the quality of abstracts presented at the RBC and Raleigh as being lower compared to other WEF conferences. There is a high level of acceptance compared to other conferences and it is most likely because the RBC has 20 sessions plus workshops. The Committee discussed how it sees quite a few abstracts at different conferences.
 - Although there was no resolve to this issue, future meetings should consist of increasing the quality of the program and what steps we can take to make this happen.
- 11. Schedule of Next Meeting RBC 2012 WEFTEC New Orleans, LA Oct. 2nd; 10:00AM,
- 12. Adjourn
