

*Industrial Wastewater*  
**2006 Subject/Author Index**

**A**

Acharya, Chandresh 5(3):7-11

Air Emissions

Wastewater Treatment Plant Powered by Kitchen Grease 5(6):14

Anaerobic Treatment Processes

Industrial Wastewater treatment with the Static Granular Bed Reactor Versus  
USAB 5(5):7-11

**B**

Bakke, Brian 5(4):1, 6-10

Barber, John B. 5(6):10-12

Bassi, Amarjeet 5(3):7-11

Baxter, Kimberley 5(1):7-8

Bott, Charles B. 5(3):1-6

Briquettes

Converting Sugar Can Sludge to Briquettes: An Environmental Opportunity  
5(2):1-4

Brummer, Jay R. 5(3):1-6

Bufe, Mary 5(5):1-2

Bullard, C. Michael 5(6):10-12

Business and Finance

Cross-Flow Membrane Market to Reach \$10 Billion by 2010 5(3):13-14

Cyanide Solution, The 5(3):1-6

Report: Drinking Water Fund Tops \$9 Billion for Infrastructure Improvements  
5(4):10

World Pump Market to See Future Growth 5(5):15

**C**

Calendar

Conferences, Short Courses, WEF Member Association Meetings 5(1):16

Capacity, increase

Less Waste or More Treatment Capacity 5(6):10-12

Centers for Disease Control, U.S.

CDC: Perchlorate Can Affect Women's Metabolism 5(6):15-16

Christen, Kris 5(1):1-3; 5(2):1, 5-6; 5(3):1, 6-7; 5(4):12-13; 5(6):1-2; 5(6):9

Clean Water Act

Stormwater Rule Proposed to Comply with Energy policy Act 5(2):14

Three California Companies Ordered to Limit Wastewater Discharges 5(3):14

Compounds of Emerging Concern

Green Catalyst Shows Promise in Neutralizing Hormones in Wastewater 5(5):1-2

Concentrated Animal Feeding Operations (CAFOs)

Rule Proposed to Control Effluent from Large Animal Feedlots 5(5):14-15

Contaminants

Arsenic-Eating Plants Could Make Cleanup More Viable 5(4):12-13  
Cyanide Solution, The 5(3):1-6  
Gold Mine Succeeds With Denitrification Test Plant 5(2):6-9  
Laundered for Reuse 5(5):11-14  
PNNL Commercializes 'Mercury Sponge' 5(4):15  
Surprising Discovery May Lead to Better Understanding of Water Quality 5(5):16  
Tap Water Test Reveals 140 Contaminants 5(2):14  
U.S. EPA Asks Industries to Reduce Priority Chemical Use 5(3):12  
USGS Report Details Blue River Basin Contaminants 5(6):12-13  
Well Water Contaminants Often Exceed Standards, USGS Finds 5(6):13  
Coyle, Theodore P. 5(4):1-4  
Crow, Kevin R. 5(6):1, 3-8

## **D**

### Denitrification

Gold Mine Succeeds With Denitrification Test Plant 5(2):6-9  
Dilmore, Robert M. 5(1):9-13

## **E**

### Education, public

Don't Touch the TRI, Science Board Advises 5(6):1-2

### Effluent

A Better Cadmium Trap 5(4):1-4  
Biologically Treating and Regenerating Spent Scrubber Solution from a Closed-Loop Nitrogen Oxide Absorption Process 5(1):9-13  
Comparing Conventional and Thermophilic MBRs Treating Oily Wastewater 5(3):7-11  
Improving MBR Performance by Managing Solids Reliably 5(2):11-13  
Innovations for Pretreating Food Processing Wastes and Cost-Effectively 5(4):1, 6-10  
Pharmaceuticals May Not Pose Major Aquatic Environmental Risks 5(5):15-16  
X Marks the Spot 5(1):7-8

Ellis, Timothy G. 5(5):7-11

### Energy Management

Alternative Energy Fuels Japanese Wastewater Treatment Plant 5(2):15  
Wastewater Treatment Plant Powered by Kitchen Grease 5(6):14

### Environmental Protection Agency, U.S.

Controlling the Release of Medicines 5(5):1, 3-6  
Don't Touch the TRI, Science Board Advises 5(6):1-2  
\$18 Million Targeted for Water Quality Monitoring 5(2):14-15  
Fewer Toxic Chemicals Released in 2004, EPA Report Says 5(4):10  
Historic Great Lakes Restoration Plan Identifies Cleanup Priorities 5(2):1, 5-6  
New Data Available for Test Procedures for Analysis of *E. Coli* 5(4):10-11  
Plan Ahead 5(6):1, 3-8  
Proposed Legislation Seeks Cleanup of Abandoned Mines 5(4):11

Report: Drinking Water Fund Tops \$9 Billion for Infrastructure Improvements 5(4):10

Rule Proposed to Control Effluent from Large Animal Feedlots 5(5):14-15

Stormwater Regulation Provision Eases Construction-Site Management 5(4):11-12

Stormwater Rule Proposed to Comply with Energy policy Act 5(2):14

2006 Presidential Green Chemistry Challenge Award Winners Named 5(5):6-7

U.S. EPA Advisers Raise Concerns about Perchlorate Goal 5(3):1, 6-7

U.S. EPA Announces New Drinking Water Rules 5(2):14

U.S. EPA Approves Water System Program Revisions for Indiana 5(1):14

U.S. EPA Asks Industries to Reduce Priority Chemical Use 5(3):12

U.S. EPA Extends Lab Exemption for Ozone-Depleting Substances 5(2):15

U.S. EPA Issues Guidance for Protective Cleanups of Perchlorate 5(2):15

U.S. EPA Offers Aid to Improve Quality of Agricultural Watersheds 5(3):14

U.S. EPA Proposes Rule: Permits Not Needed for Water Transfers 5(4):12

U.S. EPA Proposes to Streamline Industry Reporting on Toxic Substances 5(1):1-3

U.S. EPA Publishes Final Water Quality Criteria for Diazinon and Nonylphenol 5(3):13

U.S. EPA Test Five Multiparameter Water monitors for Distribution Systems 5(2):15

Watershed Handbook Released 5(2):14

X Marks the Spot 5(1):7-8

**Enzyme**

Scientists Use New Enzyme to treat Hydrogen Peroxide in Industrial Wastewater 5(1):13

Evans, Eric Anthony 9(5):7-11

**Extinction**

Ingredient in Prozac increases Risk of Extinction for Freshwater Mussels 5(6):13

**Everglades**

U.S. Congress Appropriates \$2 Million for Florida Keys Wastewater Improvements 5(1):15

**F**

**Facility Design**

Plan Ahead 5(6):1, 3-8

**Fieldbus**

Second-Generation Device Couplers Make for Easy Installation 5(1):14

**Filtration**

Sponges Soak Up Pollutants 5(4):13-14

Franklin, Gary 5(4):1-4

Franklin, Gregg P. 5(4):1-4

**G**

Giggy, Michael A. 5(5):11-14

Good, Nanci F. 5(5):1, 3-6

## Great Lakes

- Fearing VHS, Michigan Requests Ballast Water Ban 5(6):15
- Historic Great Lakes Restoration Plan Identifies Cleanup Priorities 5(2):1, 5-6
- New York Issues Emergency Rule to Limit VHS Spread 5(6):16

## Groundwater

- Promising Perchlorate Treatment Found 5(6):9

## H

Haggar, Salah El 5(2):1-4

### Hydrogen Peroxide

- Green Catalyst Shows Promise in Neutralizing Hormones in Wastewater 5(5):1-2
- Scientists Use New Enzyme to treat Hydrogen Peroxide in Industrial Wastewater 5(1):13

## I

### Industrial Laundries

- Laundered for Reuse 5(5):11-14

### Infrastructure

- U.S. Senators Introduce Infrastructure Improvement Bill 5(3):14-15

### Internet

- NOAA Launches Precipitation Web Page 5(1):14-15

## K

Keely, Jerry A. 5(3):1-6

Kurian, Rina 5(3):7-11

## L

Landers, Jay 5(4):15

### Legislation

- Historic Great Lakes Restoration Plan Identifies Cleanup Priorities 5(2):1, 5-6
- Proposed Legislation Seeks Cleanup of Abandoned Mines 5(4):11
- Senate Panel Passes Chemical Security Legislation 5(5):15
- U.S. EPA Announces New Drinking Water Rules 5(2):14
- U.S. EPA Asks Industries to Reduce Priority Chemical Use 5(3):12
- U.S. EPA Proposes Rule: Permits Not Needed for Water Transfers 5(4):12

## M

### Membranes

- Comparing Conventional and Thermophilic MBRs Treating Oily Wastewater 5(3):7-11
- Cross-Flow Membrane Market to Reach \$10 Billion by 2010 5(3):13-14
- Laundered for Reuse 5(5):11-14
- Improving MBR Performance by Managing Solids Reliably 5(2):11-13
- Industrial Events and Sessions at WEFTEC<sup>®</sup>.06 in Dallas 5(4):14
- UCLA Researchers Develop Nanotech Membrane to Desalinate Water 5(6):14

### Metals

A Better Cadmium Trap 5(4):1-4  
Cyanide Solution, The 5(3):1-6  
X Marks the Spot 5(1):7-8  
Meyerhoff, Roger D. 5(5):1, 3-6  
Monitoring  
Georgia and Delta Air Lines' TechOps partner to Conserve Water 5(1):1, 3-6  
Pharmaceutical Metabolites Found in Wastewater 5(3):13  
Murphy, Jeff L. 5(6):1, 3-8  
Musick, Timothy E. 5(6):10-12

## **N**

Nakhla, George 5(3):7-11  
Nanotechnology  
U.S. EPA Funds Nanomaterial Research 5(3):14  
UCLA Researchers Develop Nanotech Membrane to Desalinate Water 5(6):14  
National Oceanic and Atmospheric Administration  
NOAA Launches Precipitation Web Page 5(1):14-15  
Nemerow, Nelson Leonard 5(2):1-4  
Nutrient Removal  
Industrial Events and Sessions at WEFTEC®.06 in Dallas 5(4):14

## **O**

Organics  
Converting Sugar Can Sludge to Briquettes: An Environmental Opportunity  
5(2):1-4  
Less Waste of More Treatment Capacity 5(6):10-12

## **P**

Parke, Neil J. 5(5):1, 3-6  
Perchlorate  
CDC: Perchlorate Can Affect Women's Metabolism 5(6):15-16  
Promising Perchlorate treatment Found 5(6):9  
Tap Water Test Reveals 140 Contaminants 5(2):14  
U.S. EPA Issues Guidance for Protective Cleanups of Perchlorate 5(2):15  
U.S. EPA Advisers Raise Concerns about Perchlorate Goal 5(3):1, 6-7

## **pH**

Georgia and Delta Air Lines' TechOps partner to Conserve Water 5(1):1, 3-6  
Laundered for Reuse 5(5):11-14  
Promising Perchlorate Treatment Found 5(6):9

## **Pharmaceuticals**

Controlling the Release of Medicines 5(5):1, 3-6  
Ingredient in Prozac Increases Risk of Extinction for Freshwater Mussels 5(6):13  
Pharmaceutical Metabolites Found in Wastewater 5(3):13  
Pharmaceuticals May Not Pose Major Aquatic Environmental Risks 5(5):15-16

## **Pollution**

Biologically Treating and Regenerating Spent Scrubber Solution from a Closed-Loop Nitrogen Oxide Absorption Process 5(1):9-13

Converting Sugar Can Sludge to Briquettes: An Environmental Opportunity 5(2):1-4

China Struggles with Water Scarcity, Pollution 5(6):15

U.S. EPA Extends Lab Exemption for Ozone-Depleting Substances 5(2):15

Poole, David A. 5(6):1, 3-8

Pretreatment

A Better Cadmium Trap 5(4):1-4

Innovations for Pretreating Food processing Wastes and Cost-Effectively 5(4):1, 6-10

Pumps

World Pump Market to See Future Growth 5(5):15

## R

Reinsel, Mark 5(2):6-9

Remediation

Arsenic-Eating Plants Could Make Cleanup More Viable 5(4):12-13

Industrial Events and Sessions at WEFTEC®.06 in Dallas 5(4):14

Rushing, Jason C. 5(3):1-6

## S

Security

Senate Panel Passes Chemical Security Legislation 5(5):15

Self-Supplied Drinking Water Resources

Well Water Contaminants Often Exceed Standards, USGS Finds 5(6):13

Sludge

Comparing Conventional and Thermophilic MBRs Treating Oily Wastewater 5(3):7-11

Converting Sugar Can Sludge to Briquettes: An Environmental Opportunity 5(2):1-4

Spicer, Steve 5(5):6-7

Spills

Plan Ahead 5(6):1, 3-8

Static Granular Bed Reactor

Industrial Wastewater Treatment with the Static Granular Bed Reactor Versus UASB 5(5):7-11

Stormwater

Plan Ahead 5(6):1, 3-8

Sponges Soak Up Pollutants 5(4):13-14

Stormwater Regulation Provision Eases Construction-Site Management 5(4):11-

12

Superfund Sites

U.S. EPA Advisers Raise Concerns about Perchlorate Goal 5(3):1, 6-7

## T

### Technology

Biologically Treating and Regenerating Spent Scrubber Solution from a Closed-Loop Nitrogen Oxide Absorption Process 5(1):9-13

Improving MBR Performance by Managing Solids Reliably 5(2):11-13

Paving the Way 5(2):10

PNNL Commercializes 'Mercury Sponge' 5(4):15

2006 Presidential Green Chemistry Challenge Award Winners Named 5(5):6-7

Thorpe, Adrienne 5(1):1, 3-6

### Toxics Release Inventory

U.S. EPA Proposes to Streamline Industry Reporting on Toxic Substances 5(1):1-3

## U

### Ultraviolet Light

Cyanide Solution, The 5(3):1-6

### United Nations Environment program (UNEP)

African Lakes Atlas Launched at World Lakes Event in Nairobi 5(1):15

### Upflow Anaerobic Sludge Blanket

Industrial Wastewater treatment with the Static Granular Bed Reactor Versus USAB 5(5):7-11

### Urban Runoff

Sponges Soak Up Pollutants 5(4):13-14

## V

Van Gils, Gerald J. 5(5):11-14

Veziroglu, T. Nejat 5(2):1-4

Vidito, Cathy 5(3):12

### Viral Hemorrhagic Septicemia

Fearing VHS, Michigan Requests Ballast Water Ban 5(6):15

New York Issues Emergency Rule to Limit VHS Spread 5(6):16

### Vitrification

Paving the Way 5(2):10

Vossenkaul, Klaus 5(2):11-13

## W

### Wasteloads, reduction

Less Waste of More Treatment Capacity 5(6):10-12

### Wastewater Reuse

Industrial Events and Sessions at WEFTEC®.06 in Dallas 5(4):14

Laundered for Reuse 5(5):11-14

### Water Conservation

Georgia and Delta Air Lines' TechOps Partner to Conserve Water 5(1):1, 3-6

### Water Cycle

Water Cycle intensifies, No Increase in Storms or Floods 5(3):15

### Water Quality

Address World Water Scarcity, Water Quality issues Now, Report Says 5(4):11  
Controlling the Release of Medicines 5(5):1, 3-6  
\$18 Million Targeted for Water Quality Monitoring 5(2):14-15  
Surprising Discovery May Lead to Better Understanding of Water Quality 5(5):16  
U.S. Congress Appropriates \$2 Million for Florida Keys Wastewater  
Improvements 5(1):15  
U.S. EPA test Five Multiparameter Water monitors for Distribution Systems  
5(2):15  
U.S. EPA Publishes Final Water Quality Criteria for Diazinon and Nonylphenol  
5(3):13  
USGS Report Details Blue River Basin Contaminants 5(6):12-13  
Water Scarcity  
Address World Water Scarcity, Water Quality issues Now, Report Says 5(4):11  
China Struggles with Water Scarcity, Pollution 5(6):15  
Watershed Management  
U.S. EPA Offers Aid to Improve Quality of Agricultural Watersheds 5(3):14  
Watershed Handbook Released 5(2):14  
WEFTEC®.06  
Industrial Events and Sessions at WEFTEC®.06 in Dallas 5(4):14  
Wells, Jim 5(4):1, 6-10  
Wood, Steven K. 5(6):1, 3-8
