Odors and Air Pollutants 2016 Conference

March 21 – 24, 2016
Milwaukee Convention Center/Hilton Hotel
Milwaukee, Wisconsin

ABSTRACT SUBMITTAL DEADLINE: August 17, 2015

The conference is held by the Water Environment Federation in cooperation with the Central States Water Environment Association.

This conference will once again bring together environmental professionals from around the world for a showcase on odors and air pollutants management. The bi-annual Odor Conference is designed to educate practitioners, facility owners, operators, researchers, and public administrators about current odor issues, including regulatory requirements and methods for analyzing problems and finding solutions. Submit an abstract and you can be both informative and informed by presenting your work and participating in the conference.

The 2016 Odors and Air Pollutants Conference is designed to foster informed decision-making and encourage the use of effective and possibly innovative technologies. The conference's technical program stresses real-life experiences and lessons learned. The conference will include oral presentations, interactive discussions, posters, workshops, exhibits, and an opportunity to meet and discuss odor issues with the conference speakers in a dynamic setting. Potential speakers are invited to submit an abstract for podium presentation or poster consideration. Abstracts addressing the following topics are invited:

A. Odor Measurement, Monitoring, and Performance
B. Odor Dispersion Modeling
C. Collection System Odor Control
D. Biological Odor Control
E. Sustainability and Greenhouse Gases
F. Innovative Technologies
G. Agricultural/Industrial Odor Control
H. Odor Control Problems, Troubleshooting, and Solutions
I. Utility Odor Management and Planning
J. Research

Several criteria will be used to evaluate the abstracts, including originality, project status (in progress or completed), technical merit, significance to the industry, and overall quality. Abstracts should be a maximum equivalent of two pages in length including tables and figures. Abstracts must be submitted via the online system at http://www.wef.org/OdorsAir no later than close of business on August 17, 2015. Selected abstract authors will be notified in October and will need to complete a final manuscript. Manuscripts will be reviewed and subject to revision or rejection if lacking in quality. In accordance with Federation policy, accepted authors who do not submit a final manuscript by the required deadline will be removed from the program.

Presenters are expected to register for the conference and pay the appropriate registration fee. No travel or assistance funds are available for speakers.
