Late Breaking Posters – Call for Students at 2024 Residuals and Biosolids Conference

The 2024 Residuals and Biosolids Conference planning committee is excited to invite submissions for student poster presentations! Students who are WEF members receive complimentary registration to the conference.

Poster abstracts are due by the End of Day on April 18th!

Topics related to residuals and biosolids including energy recovery, treatment technologies for wastewater and biosolids, anaerobic digestion, nutrient removal and recovery, life-cycle assessments, PFAS, emerging contaminants, drying and dewatering, pathogen removal, and more are relevant. Poster presentations provide students a chance to network with a variety of professionals and attend other technical presentations at the conference. The conference will be held in Oklahoma City, June 18 – June 21.

[Submit your abstract for poster presentations here](https://wef.org/ResidualsBiosolids) by end of the day on April 18th

More information on the conference is found at www.wef.org/ResidualsBiosolids or email BiosolidsConf@wef.org with any questions.
