

SPRINGBOARD PROGRAM

The Springboard Program was developed to further involve the [Students and Young Professionals Community](#) (SYPC) in WEF, particularly integrating young professionals (YPs) into the WEFTEC Program Committee at the WEF Winter Meeting. This meeting provides an opportunity for key volunteer committees to meet face-to-face and **develop programming for WEFTEC!**

The [WEF YP Springboard Program](#) provides hotel and travel expense assistance for the selected YPs to attend the Winter Meeting. All WEF YP members are welcome and encouraged to apply!

I enjoyed the energy by the board and ALL board members giving us a platform to provide our opinions and thoughts. The drive to fully embrace the new WEF strategic plan. I'm really excited to help be a part of driving the implementation of this. I learned a lot about circular water and how to bring other parties to the table from our discussions.
