

The Board of Trustees works together to guide WEF in its mission and vision to be a community of empowered professionals creating a healthy global water environment.

Board service offers you the chance to develop new skills, gain knowledge, and expand your professional network while contributing to the success of your peers through bold leadership, visionary thinking, and a commitment to supporting WEF's 35,000 members worldwide.

By serving others, Trustees become more confident, thoughtful, and energized leaders who are poised to take on more responsibility and lead within their own organizations.

WE IN WEF

We are the people who protect the environment and the public's health by providing clean water. Focus that passion into service to your profession and help shape the future by joining the WEF Board of Trustees! There's a place for you.

"I'm grateful for the opportunities to visit new places and immerse into different cultures. This expansion of thought and experience has allowed me to become more vulnerable and redefine my path for success. Most importantly, I feel more connected to a global family that shares a passion for water and the world we are protecting together."

– Aimee Killeen, Trustee

LEARN

- Attend conferences and high-profile meetings in North America and abroad
- Grow your knowledge base with access to leading technologies, smart practices, and innovative solutions
- Engage in strategic initiatives and creative problem-solving to build leadership skills that are transferable to your own organization
- Develop and sharpen skills in governance, finance, strategic planning, recruiting, public speaking, and more

LEAD

- Bring your time, talent, and fresh perspectives to ensure the success of WEF and its programs
- Strengthen your professional credibility with a vital, visible, high-impact role
- Become an integral part of solving problems, policy setting, and transforming behavior
- Represent the diversity and culture of your community

ENGAGE

- Increase your access to global professional networks and cultivate relationships
- Expand your circle of influence inside and outside of the water sector
- Tap into some of the brightest minds in water for advice and support
- Model inclusivity for teams, committees, hiring practices, and promotions

"WEF is one of the most important organizations operating in the water arena. My time as a trustee and officer helped me grow as a leader by increasing my exposure to the world's most pressing water issues. This allowed me to become a part of the solution on a larger scale and to bring those skills back into my work life and community."

– Cordell Samuels, WEF Past President
