### **WEF Releases New Edition of the Popular MOP 11 Operations Manual**

*New one-volume format allows for quick, easy reference; WEF members receive discounted rate until October 7*

NEW ORLEANS, La. - The Water Environment Federation (WEF) has released a new and improved edition of *Operation of Water Resource Recovery Facilities, MOP 11*. As the industry's leading manual of practice for utility operations, the seventh edition features a convenient one-volume format that makes it easier than ever to reference the latest guidance on procedures to ensure compliance and equipment efficiency.

Available for purchase [online](#) and in the WEFTEC Bookstore (WEF Plaza, Hall H, New Orleans Morial Convention Center), WEF members are eligible to receive a special discounted rate until October 7.

Published by WEFPress, a joint publishing venture between WEF and McGraw Hill, this seventh edition of MOP 11 reflects the operations model needed to be a utility of the future, with a strong focus on recovering valuable resources—water, nutrients, and energy—as well as updates that keep pace with the most current technological advances, including instrumentation & control systems and reporting requirements.

Key topics include activated sludge, anaerobic digestion, biological nutrient removal, chemical handling, dissolved air flotation, fixed-film processes, maintenance, odor management, and safety and security.

WEF members are eligible for a special pre-sale price of \$198 through October 7. The regular list price is \$208 for WEF members and \$260 for non-members. To pick up your copy, visit [www.wef.org/MOP11](http://www.wef.org/MOP11) or WEFTEC 2016 attendees can stop by the WEFTEC Bookstore, Sun.-Wed., Sept. 25-28, 8:00 a.m. – 5:00 p.m. CDT.

###

### **About WEF**

The Water Environment Federation (WEF) is a not-for-profit technical and educational organization of 33,000 individual members and 75 affiliated Member Associations representing water quality professionals around the world. Since 1928, WEF and its members have protected public health and the environment. As a global water sector leader, our mission is to connect water professionals; enrich the expertise of water professionals; increase the awareness of the impact and value of water; and provide a platform for water sector innovation. To learn more, visit [www.wef.org](http://www.wef.org).

### **About WEFTEC**

WEFTEC 2016, the Water Environment Federation's 89<sup>th</sup> Annual Technical Exhibition and Conference, will be held Sept. 24-28, 2016 at the New Orleans Morial Convention Center in New Orleans, La. The world's largest annual water quality event provides the latest developments, technologies, and services for water preservation, restoration, and sustainability. For the latest conference information and registration details, visit [www.weftec.org](http://www.weftec.org). For the full program and latest updates at your fingertips, download the [WEFTEC MobileApp](#).
