

Member Association Liability Insurance

The Andersen Insurance Group (TAIG) offers each Member Association (MA) of the Water Environment Federation located in the United States an opportunity to purchase their own *General Liability* and *Directors & Officers Liability* coverage with pre-negotiated rates on your behalf. TAIG also offers a variety of insurance plans designed to protect volunteers, individuals and groups against many situations that may occur.

TAIG offers MA's the opportunity to purchase additional coverage options such as:

- *Property*
- *General Liability*
- *Workers Compensation*
- *Directors & Officers Liability*
- *Hired/Non Owned Auto Liability*
- *Event Cancellation Insurance*
- *Umbrella*
- *Fidelity Bond (protection for loss due to an embezzlement of association funds)*
- *Professional Liability*
- *Travel Accident and Medical Evacuation Coverage*
- *Exhibitor Liability or Group Exhibitor Liability*

If you do not have liability insurance coverage or are interested in reviewing your current exposures as well as comparing your *General Liability* and *Directors & Officers* liability coverage and rates with the MA Program rates, please contact Frank Andersen of TAIG at the number listed below. With many insurance policies, the coverage is only unique in title only, ie, *Directors & Officers Liability*, however, coverage terms and conditions differ greatly from one insurer to the next. As a benefit of being an MA, TAIG will perform a comparison for you at no charge.
