Alabama

State Sponsor: Alabama's Water Environment Association (AWEA)

State Organizer: Alex Leslie, alex.leslie@volkert.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner will receive a certificate recognizing the student's contribution to the water environment.

Alabama SJWP Competition Details:

Teams of up to three participants are eligible to enter.

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF). If students do not participate in a science fair, other means will be instituted to conduct interviews if needed.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Alaska

State Sponsor: Alaska Water Wastewater Management Association (AWWMA)

State Organizer: Melissa Harrower or Angie Monteleone, contact@awwma.org

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Alaska SJWP Competition Details:

Teams are eligible to enter, however only one member of the team must be selected to represent the team at the National Competition if selected as the state winner.

The winning project will be selected by AWWMA's SJWP judging committee prior to our annual statewide conference April 30-May 4 in Anchorage. The winner will be notified in advance of an announcement at the conference, and will be invited to attend to the awards luncheon during the conference to accept the award if possible.

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

*****Alaska was the 2009 SJWP National Competition Host*****

Arizona

State Sponsor: AZ Water Association (AZ Water)

State Organizer: Daniela Panfil, dpanfil@hazensawyer.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- Presentation of the SJWP AZ state winner award during the AZ Water annual conference in May.

Arizona SJWP Competition Details:

Projects will be judged by research paper review.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Arkansas

State Sponsor: Arkansas Water Environment Association (AWEA)

State Organizer: Tiffany Mallard, Tmallard@springdalewater.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Arkansas SJWP Competition Details:

Projects will be judged by research paper review and interviews.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

California

State Sponsor: California Water Environment Association (CWEA)

State Organizer: Michael Rosenberg, mrosenberg@san Diego.gov

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- Complimentary CWEA one-year student membership.
- \$250 cash prize and an invitation to speak at CWEA's Annual conference the following year.
- Winning paper published in CWEA's *Wastewater Professional*.

California SJWP Competition Details:

Projects will be judged through research paper review and interviews at the California All-State Science Fair. Other interviews of candidates will be conducted as needed.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Colorado

State Sponsor: Rocky Mountain Water Environment Association (RMWEA)

State Organizer: Anni Santos Walsh, anni.santos@tetrattech.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- The Rocky Mountain Water Environment Association will present \$400 1st place Junior and Senior levels and \$200 cash awards for 2nd place Junior and Senior levels per state.

Colorado SJWP Competition Details:

Colorado SJWP candidates are typically chosen through research paper review and interviews at the Colorado Science and Engineering Fair held in April. Regional certificates will be given out at science fairs to projects deemed eligible. All students receiving a certificate are encouraged to apply online for the Colorado State SJWP Competition.

RMWEA will select the state prize from the online applicants and may conduct phone interviews with the top candidates. One student/team will then be awarded the state prize and the opportunity to attend the national competition.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Connecticut

State Sponsor: New England Water Environment Association (NEWEA)

State Organizer: Teri Demers, tdemers@woodardcurran.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF and NEWEA student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment

Connecticut SJWP Competition Details:

The Connecticut State Science Fair is a regular participant in the SJWP competition. Award certificates and two prizes will be given out at this fair. The Science Horizons Regional Fair has also participated in the SJWP competition. If you have a project in this fair, please call the Fair Director to confirm SJWP certificates will be awarded at this fair. All students receiving a certificate are encouraged to apply online for the Connecticut State SJWP Competition.

NEWEA will select finalists for the state prize from the online applicants and will conduct interviews with the top candidates. One student will then be awarded the state prize and the opportunity to attend the national competition.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Delaware

State Sponsor: Chesapeake Water Environment Association (CWEA)

State Organizer: Mathew Roder, P.E., mroder@greeley-hansen.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Delaware SJWP Competition Details:

Projects will be judged by research paper review.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

District of Columbia

State Sponsor: Federal Water Quality Association (FWQA)

State Organizer: Mathew Roder, P.E., mroder@greeley-hansen.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The District's winner will receive a trip to the national competition.
- The District's winner will receive an SJWP state medal and a one-year WEF student membership.
- The District's winner(s) will receive a certificate recognizing the student's contribution to the water environment

District of Columbia SJWP Competition Details:

Projects will be judged by research paper review and interviews at science fairs.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Florida

State Sponsor: Florida Water Environment Association (FWEA)

State Organizer: Collier Frank Wyche, cfwyche@yahoo.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- The winner will receive a \$200 cash award. Two runner-ups will receive \$100 cash awards. The awards will be presented at a Florida Water Environment Association event.
- The winning paper will be published in the *Florida Water Resources Journal*.

Florida SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Georgia

State Sponsor: Georgia Association of Water Professionals (GAWP)

State Organizer: Angela Bond, abond@gawp.org

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Georgia SJWP Competition Details:

Projects will be judged by GWEF member representatives and will include BOTH research paper review and interviews held at the 2015 GA ISEF State Fair **AND** projects submitted online at www.sjwp.org . ALL research papers must be submitted online at www.sjwp.org by April 15, 2018. A final winner will be selected from all papers submitted online in combination with any interviews held at the GA ISEF Fair in Athens, GA.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

The final GA SJWP winner will be announced once all papers have been reviewed after the April 15, 2018 deadline has passed.

For more details email sciencefair@uga.edu or asimeone@gawp.org

Hawaii

State Sponsor: Hawaii Water Environment Association (HWEA)

State Organizer: Jayson Tasaka, jasont@rmtowill.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment
-

Hawaii SJWP Competition Details:

The HWEA sends volunteer judges to select district science fairs consisting of the Hawaii Association of Independent Schools, Leeward, Windward, Maui, and the state science fair (all ISEF). From the pool of district winners, the judges then select a state winner to represent Hawaii at the national level.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Idaho

State Sponsor: Pacific Northwest Clean Water Association (PNCWA)

State Organizer: Catherine Chertudi, cchertudi@cityofboise.org

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student contribution to the water environment.
- The state winner will receive \$100 award from PNCWA, and an invitation to the annual PNCWA conference.
- Abstracts and biographies will be published in the association magazine.

Idaho SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF). If no ISEF fairs are held in Idaho, research papers will be used for the selection of the state winner.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Illinois

State Sponsor: Illinois Water Environment Association (IWEA)

State Organizer: Charles Corley, ccorley@comcast.net
Norman Rose, nrose835@sbcglobal.net

Deadline: Submit research paper at www.sjwp.org by April 15, 2018

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment
- The state winner will receive an invitation to display project at the annual Illinois Water Environment Association Annual Conference.

Illinois SJWP Competition Details:

ISEF Fair Participants: Projects will be judged by research paper review and online submissions.

State Science Fair winners are awarded cash prizes and are given Associate memberships in IWEA.
Illinois Water Environment Association, POB 337, West Chicago, IL 60186-0337

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

*****Illinois was the 2011 SJWP National Competition Host*****

Indiana

State Sponsor: Indiana Water Environment Association (IWEA)

State Organizer: Bob Roudebush, bob.roudebush@ctrwd.org

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment
- Indiana winner will be invited to the IWEA Annual Conference
- Write-up in IWEA publications

Indiana SJWP Competition Details:

IWEA sends volunteers to various Regional Science Fairs throughout the State to select Regional Award winners and encourage students to submit their projects for the State Competition. The State winner is selected based on a review of submitted research papers. Students do not need to be Regional winners to be eligible for the State Competition.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Iowa

State Sponsor: Iowa Water Environment Association (IAWEA)

State Organizer: Laurie Twitchell, ltwitchell@foxeng.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment
- IWEA provides \$500 – SJWP Winner \$100 – Junior Level Winner

Iowa SJWP Competition Details:

"The IAWEA will have judges at the two ISEF regional science fairs in Iowa, the Western Iowa Science and Engineering Fair in Sheldon, Iowa and the Eastern Iowa Science and Engineering Fair in Cedar Rapids. A regional winner may be identified at each fair based on a review of the project and interviews. Judges will also be present at the State Science and Engineering Fair of Iowa in Ames, where a state winner will be identified through reviews and interviews similar to the regional fairs. **In order to qualify for the state Stockholm Junior Water Prize (SJWP) winner, a research paper must be submitted to WEF by the appropriate state deadline and formatted according to WEF guidelines.**

A student's research paper shall be the basis for selecting the state SJWP winner. This is different to years past. The state SJWP winner will not necessarily be the state winner, but may be a home-schooled student, regional or state winner. The state SJWP winner will be the student with the best research paper and will be sponsored to the national SJWP competition along with the student's teacher."

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

-

Kansas

State Sponsor: Kansas Water Environment Association (KWEA)

State Organizer: Becky Lewis, rlewis@wichita.gov

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment
- Invitation to KWEA annual conference

Kansas SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Kentucky

State Sponsor: Kentucky-Tennessee Water Environment Association (KY-TN WEA)

State Organizer: Robert Bates, radbhouse@bellsouth.net

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment

Kentucky SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Louisiana

State Sponsor: Louisiana Water Environment Association (LWEA)

State Organizer: Aimee Killeen, aimeekilleen@providenceeng.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment

Louisiana SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Maine

State Sponsor: New England Water Environment Association (NEWEA)

State Organizer: Teri Demers, tdemers@woodardcurran.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF and NEWEA student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment

Maine SJWP Competition Details:

The Maine Science and Technology Fair is scheduled after the SJWP deadlines and has not participated in the SJWP competition. We encourage you to contact us if you have another science fair or student project for us to consider.

Any student who has completed an eligible project may submit their research paper online at www.sjwp.org for consideration for the Maine State SJWP Competition by April 15, 2018. NEWEA will select finalists for the state prize from the online applicants and will conduct interviews with the top candidates. One student will then be awarded the state prize and the opportunity to attend the national competition.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Maryland

State Sponsor: Chesapeake Water Environment Association (CWEA)

State Organizer: Mathew Roder, P.E., mroder@greeley-hansen.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment

Maryland SJWP Competition Details:

The best project at each regional fair will be judged by interviews at ISEF fairs and papers by those students will be eligible for the Maryland SJWP competition, which will be judged by research paper review.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Massachusetts

State Sponsor: New England Water Environment Association (NEWEA)

State Organizer: Teri Demers, tdemers@woodardcurran.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF and NEWEA student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment

Massachusetts SJWP Competition Details:

Massachusetts SJWP candidates are typically chosen through the Massachusetts Regional Science Fairs; however, not all regions have participated. If you have a project in one of these fairs, please call the fair director to confirm that judging for the SJWP competition will be conducted. If you would like us to consider another science fair or student project, please contact the state organizer for more information.

Certificates will be given out at science fairs to projects deemed eligible. All students receiving a certificate are encouraged to apply online for the Massachusetts State SJWP Competition. If you feel you have a qualifying project, even if you have not received a certificate, you are eligible to submit your project online by April 15, 2018, for consideration of the state prize. NEWEA will select finalists for the state prize from the online applicants and will conduct interviews with the top candidates. One student will then be awarded the state prize and the opportunity to attend the national competition.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

*****Massachusetts was the 2012 SJWP National Competition Host*****

Michigan

State Sponsor: Michigan Water Environment Association (MWEA)

State Organizer: Colin Glenn McCorkle, cgmccorkle@ftch.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment

Michigan SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Minnesota

State Sponsor: Central States Water Environment Association (CSWEA) – Minnesota Chapter

State Organizer: Hasibul Hasan, jjasan@sambatek.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership, and a one-year CSWEA student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- The state winners will receive a one-year student membership to Central States Water Environment Association.
- In addition to the state winners, the runner up and second runner up will receive a certificate from Central States Water Environment Association recognizing their contribution to water environment research

Minnesota SJWP Competition Details:

Projects will be judged by research paper review. Research papers are expected to follow the "National Paper Guidelines" as found on the WEF SJWP web page.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Mississippi

State Sponsor: Mississippi Water Environment Association (MWEA)

State Organizer: Sam Hardin, sch@clearwaterconsultants.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment
- The state winner(s) will receive cash prize.
- Invitation to MWEA annual conference luncheon for state winner and 3 guests.

Mississippi SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Missouri

State Sponsor: Missouri Water Environment Association (MWEA)

State Organizer: Gary Davis, gary.davis@bartwest.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment

Missouri SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF). Regional Science Fair Directors nominate a candidate for the state SJWP competition. MWEA selects the state SJWP winner and nominates that person for the national competition.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

*****Missouri was the 2010 SJWP National Competition Host *****

Montana

State Sponsor: Montana Water Environment Association (MWEA)

State Organizer: Kristi Kline, kjfarm@mtintouch.net

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment
- A cash award from Montana Water Environment Association will be presented to those student projects selected as the SJWP Regional winner at each of the Montana Regional Science Fairs held in Great Falls, Havre, Butte, Billings and Missoula

Montana SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Nebraska

State Sponsor: Nebraska Water Environment Association (NWEA)

State Organizer: Brittany Travers, brittany@e-equipmentsolutions.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Nebraska SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Nevada

State Sponsor: Nevada Water Environment Association (NWEA)

State Organizer: Terri Svetich, etsvetich@gmail.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Nevada SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF). If a junior high project is determined to be the best water-related project, the student and his/her parent will be sponsored to the national competition as an observer.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

New Hampshire

State Sponsor: New England Water Environment Association (NEWEA)

State Organizer: Teri Demers, tdemers@woodardcurran.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF and NEWEA student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

New Hampshire SJWP Competition Details:

New Hampshire does not have a state science fair program that is currently participating in the SJWP competition. If you would like us to consider a particular science fair or student project, please contact the state organizer.

Despite the lack of a science fair program, any student who has completed an eligible project may submit their research paper online at www.sjwp.org for the New Hampshire State SJWP Competition by April 15, 2018. NEWEA will select finalists for the state prize from the online applicants and will conduct interviews with the top candidates. One student will then be awarded the state prize and the opportunity to attend the national competition.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

New Jersey

State Sponsor: New Jersey Water Environment Association (NJWEA)

State Organizer: Tom G. Meholic, meholic.thomas@gmail.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- For 5 regional high school winners, the NJWEA offers each of them a cash award of \$500.00, an engraved plaque, and an invitation to their families, teachers and them to an official award presentation at the Student Session of our NJWEA Annual Conference in May.

New Jersey SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

New Mexico

State Sponsor: Rocky Mountain Water Environment Association (RMWEA)

State Organizer: Anni Santos Walsh, anni.santos@tetrattech.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- The Rocky Mountain Water Environment Association will present \$400 1st place Junior and Senior levels and \$200 cash awards for 2nd place Junior and Senior levels per state.

New Mexico SJWP Competition Details:

New Mexico SJWP candidates are typically chosen through research paper review and interviews at the New Mexico Science and Engineering Fair held in April. Regional certificates will be given out at science fairs to projects deemed eligible. All students receiving a certificate are encouraged to apply online for the New Mexico State SJWP Competition.

If you feel you have a qualifying project, you are also eligible to submit your project online by April 15 for consideration for the state prize even if you have not received a regional certificate. RMWEA will select the state prize from the online applicants and may conduct phone interviews with the top candidates. One student will then be awarded the state prize and the opportunity to attend the national competition.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

New York

State Sponsor: New York Water Environment Association (NYWEA)

State Organizer: Jonathan Hoffman, johoffman@dep.nyc.gov

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- The state winner will be given an invitation to the NYWEA Winter Conference

New York SJWP Competition Details:

Projects will be judged by research paper review and interviews at ISEF fairs, including most regional fairs and the state fair.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

North Carolina

State Sponsor: North Carolina Water Environment Association (NCWEA)

State Organizer: David Wagoner, wagonerdl@cdmsmith.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- The state winner will receive an invitation to the NC AWWA-WEA Annual Conference to present their research at the poster presentations.

North Carolina SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fair (ISEF) events or other qualifying science competitions.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

North Dakota

State Sponsor: North Dakota Water Environment Association (NDWEA)

State Organizer: Wei Lin, wei.lin@ndsu.edu

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

North Dakota SJWP Competition Details:

Projects will be judged by research paper review and interviews at the North Dakota State Science and Engineering Fair (NDSSEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Ohio

State Sponsor: Ohio Water Environment Association (OWEA)

State Organizer: Megan Borrer, meganborrer@ohiowea.gov

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- Invitation to OWEA Annual Conference

Ohio SJWP Competition Details:

Candidates are typically chosen through the Regional Science Fairs and online submissions. Projects will be judged by research paper review and interviews at ISEF fairs. OWEA will notify all competitors of the results.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Oklahoma

State Sponsor: Oklahoma Water Environment Association (OWEA)

State Organizer: Debbie Smith, debra.smith@normanok.gov

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Oklahoma SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Oregon

State Sponsor: Pacific Northwest Clean Water Association (PNCWA)

State Organizer: Catherine Chertudi, cchertudi@cityofboise.org

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- The winner(s) will receive a \$100 award and an invitation to annual PNCWA conference.

Oregon SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

*****Oregon was the 2013 SJWP National Competition Host *****

Pennsylvania

State Sponsor: Pennsylvania Water Environment Association (PWEA)

State Organizer: Carl E. Janson, cjanson@riordanmat.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Pennsylvania SJWP Competition Details:

Projects will be judged by research paper review and interviews at selected international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Rhode Island

State Sponsor: New England Water Environment Association (NEWEA)

State Organizer: Teri Demers, tdemers@woodardcurran.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF and NEWEA student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Rhode Island SJWP Competition Details:

The Rhode Island Science and Engineering Fair has participated in the SJWP competition. If you have a project in this fair, please call the Fair Director to confirm if judging for the SJWP competition will be conducted. If you would like us to consider another science fair or student project, please contact us for more information. Certificates will be given out at science fairs to projects deemed eligible. All students receiving a certificate are encouraged to apply online for the Rhode Island State SJWP Competition.

If you feel you have a qualifying project, even if you have not received a certificate, you are eligible to submit your project online by April 15, 2018 for consideration for the state prize. NEWEA will select finalists for the state prize from the online applicants and will conduct interviews with the top candidates. One student will then be awarded the state prize and the opportunity to attend the national competition.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

South Carolina

State Sponsor: Water Environment Association of South Carolina (WEASC)

State Organizer: Devon Beaty, dbeaty@cmdcsd.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

South Carolina SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

South Dakota

State Sponsor: South Dakota Water Environment Association (SDWEA)

State Organizer: Dr. Chris Schmit, christopher.schmit@sdstate.edu

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

South Dakota SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Tennessee

State Sponsor: Kentucky-Tennessee Water Environment Association (KY-TN WEA)

State Organizer: Kristi Schnell, kristi.schnell@nashville.gov

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Tennessee SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Texas

State Sponsor: Water Environment Association of Texas (WEAT)

State Organizer: Keval Satra, ksatra@hrgreen.com or
Rene Hurtado, rhurtado@jonescarter.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- State winner will receive a frame for the certificate and a cash prize from WEAT.

Texas SJWP Competition Details:

Texas SJWP candidates are chosen through the Texas Regional ISEF Science Fairs. While most Regional ISEF Fairs participate, a few do not. If you have a project in one of these fairs, please call the Fair Director to confirm if judging for the SJWP competition will be conducted. If you would like us to consider another science fair or student project, please contact us for more information.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Utah

State Sponsor: Water Environment Association of Utah (WEAU)

State Organizer: Ken Burgener, kburgener@ndsd.org

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Utah SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Vermont

State Sponsor: New England Water Environment Association (NEWEA)

State Organizer: Teri Demers, tdemers@woodrddcurran.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF and NEWEA student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Vermont SJWP Competition Details:

The Green Mountain Water Environment Association typically sends volunteer judges to the Vermont State Science & Math Fair to judge for the SJWP. If you would like us to consider another science fair or student project, please contact us for more information. Certificates will be given out at the science fair to projects deemed eligible for the Vermont State SJWP Competition. All students receiving a certificate are encouraged to apply online for the State Competition.

If you feel you have a qualifying project, even if you have not received a certificate, you are eligible to submit your project online by April 15, 2018 for consideration for the state prize. NEWEA will select finalists for the state prize from the online applicants and will conduct interviews with the top candidates. One student will then be awarded the state prize and the opportunity to attend the national competition.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Virginia

State Sponsor: Virginia Water Environment Association (VWEA)

State Organizer: Angie Weatherhead, angela.weatherhead@hdrinc.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership. .
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- Regional monetary awards are awarded at science fairs judged by VWEA volunteers. \$150 for 1st place; \$75 for 2nd place.

Virginia SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Washington

State Sponsor: Pacific Northwest Clean Water Association (PNCWA)

State Organizer: Catherine Chertudi, cchertudi@cityofboise.org

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- The state winner will receive a \$100 award and an invitation to the PNCWA annual conference.

Washington SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

West Virginia

State Sponsor: West Virginia Water Environment Association (WVWEA)

State Organizer: Shelley Porter; shelly.porter@amwater.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- The state winner(s) will be given an invitation to the WVWEA annual conference awards banquet at Canaan Valley Resort State Park held in May.

West Virginia SJWP Competition Details:

Projects will be judged by research paper review and interviews at international science and engineering fairs (ISEF).

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Wisconsin

State Sponsor: Central States Water Environment Association (CSWEA)

State Organizer: Hiroko Yoshida, Hiroko.yoshida@centrisys.us

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.

Wisconsin SJWP Competition Details:

Projects will be judged by research paper review.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.

Wyoming

State Sponsor: Rocky Mountain Water Environment Association (RMWEA)

State Organizer: Anni Santos Walsh, anni.santos@tetrattech.com

Deadline: Submit research paper at www.sjwp.org by April 15, 2018.

Awards:

- The state winner will receive a trip to the national competition.
- The state winner will receive an SJWP state medal and a one-year WEF student membership.
- The state winner(s) will receive a certificate recognizing the student's contribution to the water environment.
- The Rocky Mountain Water Environment Association will present \$400 and \$200 cash awards per state.

Wyoming SJWP Competition Details:

Wyoming SJWP candidates are typically chosen through research paper review and interviews at the Wyoming Science and Engineering Fair. Regional certificates will be given out at science fairs to projects deemed eligible. All students receiving a certificate are encouraged to apply online for the Wyoming State SJWP Competition.

If you feel you have a qualifying project, you are also eligible to submit your project online by April 15 for consideration for the state prize even if you have not received a regional certificate. RMWEA will select the state prize from the online applicants and may conduct phone interviews with the top candidates. One student will then be awarded the state prize and the opportunity to attend the national competition.

If you feel you have a qualifying project, regardless of whether you participate in a science fair, you are also eligible to submit your project online by April 15, for consideration for the state prize even if you have not received a regional certificate.
