

## Water Environment & Technology 2018 editorial calendar

**W** *E&T* relies on your stories to serve the water sector. The list below shows when we will cover various topics in 2018. Interested in a topic not on the list?

Contact us. We consider submissions on any water-related topic.

Send abstracts, outlines, or completed manuscripts to [magazine@wef.org](mailto:magazine@wef.org). All submissions must include the mailing

address, phone number, and e-mail address of the corresponding author.

For more information, see [www.wef.org/write-for-wet](http://www.wef.org/write-for-wet).

Month	Topics	Deadlines
January	2018 State of the Industry • Resilience (physical, financial, and workforce) Aeration • Biological treatment (tried & true and what's new)	Sept. 30, 2017
February	Disinfection & emerging pathogens • Instrumentation • Infrastructure renewal • Reuse	Oct. 15, 2017
March	Odor & corrosion control • Pipe & tank rehabilitation & installation • Operator health & safety • Valves & flow control	Oct. 31, 2017
April	Biosolids & residuals • Energy recovery & generation • Industrial pretreatment & high-strength wastes • Public outreach	Nov. 15, 2017
May	Stormwater • Water supply & quality monitoring • Workforce planning • Funding & financing	Dec. 15, 2017
June	Nutrient treatment & recovery • Financial resilience & sustainability • Clarification • SCADA	Jan. 15, 2018
July	CSOs/SSOs • Pumps & motors • Stormwater • Decentralized systems	Feb. 15, 2018
August	Membranes • Automation & controls • Filtration • Preliminary treatment	March 15, 2018
September	New technologies • Aeration • Infrastructure renewal • Utility management	April 15, 2018
October	Direct & indirect potable reuse • Nutrient removal & recovery • Industrial pretreatment & high-strength wastes • Disinfection	May 15, 2018
November	Thickening & dewatering • Energy recovery & generation • Pumps & pump stations • Odor & corrosion control	June 15, 2018
December	Operations Challenge • Stormwater • Collection systems • Preliminary treatment	July 15, 2018
