

Conference Announcement & Call for Abstracts

Odors and Air Pollutants 2020 Conference

March 15 – 18, 2020
Duke Energy Convention Center
Cincinnati, Ohio

ABSTRACT SUBMITTAL DEADLINE: August 21, 2019

The conference is held by the Water Environment Federation in cooperation with the Ohio Water Environment Association.

This conference will once again bring together environmental professionals from around the world for a showcase on odors and air pollutants management. The biennial Odor Conference is designed to educate practitioners, facility owners, operators, researchers, and public administrators about current odor issues, including regulatory requirements and methods for analyzing problems and finding solutions.

The 2020 Odors and Air Pollutants Conference is designed to foster informed decision-making, networking to share effective control of odors and air pollutants, and innovative approaches. The conference's technical program includes both real-life experiences and lessons learned as well as cutting-edge technologies and research. The conference will include oral presentations, interactive discussions, posters, a pre-conference workshop, exhibits, mobile sessions, and several opportunities for networking in dynamic settings. Potential speakers are invited to submit an abstract for podium presentation, poster, workshop, or mobile exhibitor floor session. Abstracts addressing the following topics are invited:

- | | |
|--|--|
| A. Odor Measurement, Monitoring, and Performance | G. Innovative Treatment Approaches |
| B. Air Dispersion Modeling | H. Agricultural/Industrial Odor Control |
| C. Collection System Odor Control | I. Odor and Air Regulation |
| D. Biological Odor Control | J. Utility Odor Management and Planning |
| E. Corrosion Control | K. Community Relations and Odor Complaints |
| F. Sustainability and Greenhouse Gases | L. Odor/Air Research and Optimization |

Several criteria will be used to evaluate the abstracts, including originality, project status (in progress or completed), technical merit, significance to the industry, and overall quality. Abstracts should be no longer than 1500 words in length, with any tables or graphics uploaded separately. **Abstracts must be submitted via the online system at <http://www.wef.org/OdorsAir> no later than close of business on August 21, 2019.** Selected abstract authors will be notified in late October and will need to complete a final manuscript. Manuscripts will be reviewed and subject to revision or rejection if lacking in quality. In accordance with Federation policy, accepted authors who do not submit a final manuscript by the required deadline will be removed from the program.

Presenters are expected to register for the conference and pay the appropriate registration fee. No travel or assistance funds are available for speakers.

The Conference Steering Committee is also soliciting for workshop and session proposals and mobile session presentations. For more information, please see the conference website at www.wef.org/OdorsAir.
