RESIDUALS AND BIOSOLIDS TREATMENT TECHNOLOGY CONFERENCE

CALL FOR POSTERS

POSTER 2.0 | VISUAL RESEARCH. REAL CONVERSATIONS.

CALL OPEN: NOVEMBER 16, 2026 • **SUBMIT BY:** DECEMBER 21, 2026

BOLD IDEAS BELONG ON DISPLAY.

Poster 2.0 is a curated, high-impact platform for early-stage research, emerging innovations, and compelling visual storytelling. It is designed for students, young professionals, and academics whose work is visual-first, in progress, or best explored through conversation.

WHAT ARE WE LOOKING FOR?

INSPIRED BY THE GLOBAL #BETTERPOSTER MOVEMENT

- Biosolids Land Application
- Contaminants of Concern
- Decentralized Systems & Utility Case Studies
- Digestion
- Fugitive Emissions & GHGs
- Odor Control, Safety & Public Outreach
- PFAS
- Solids Separation
- Thermal Processes

and more...

SUBMISSION REQUIREMENTS

- Title, Author and Affiliation
- Abstract (1,000 words) + 2 figures
- Three (3) Learning Objectives
- Relevance statement: under 200 words

Open to students, young professionals and academics. Duplicate content submitted for both technical sessions and posters is not eligible.

SCORING CRITERIA

- **Novelty:** Originality of idea, approach, or insights. Does it present new thinking or applications?
- **Impact and Application Potential:** Significance of findings and likelihood of real-world implementation or influence.
- **Technical Rigor:** Soundness of methods, data quality, and defensible conclusions; alignment with scientific standards.
- **Graphical Quality:** Visual clarity, readability, logical flow, and use of figures/tables to communicate results effectively.
- **Current Relevance:** How timely and aligned the topic is with current industry or research challenges.

CONNECT. EXPLORE. STAND OUT.

Selected posters will be presented during the Exhibit Hall Reception on Wednesday, April 28th
